

Erich Heckel: Picture "Raincloud" (1919) (Unique piece)

Product no.: IN-950521.R1

From 1913, Heckel spent the summer and autumn painting and drawing by the Flensburg Fjord in the small village of Osterholz, where he bought a house in 1919. The high-contrast watercolour, coloured in green, grey and blue, provides a vivid depiction of the local landscape. The artist seems to have set up his easel in a field to document a gathering rain cloud over a hill.

Watercolour and charcoal on thin paper, 1919, signed, dated and titled "Regenwolke Erich Heckel 19". The authenticity of the work has been confirmed by Renate Ebner (Erich Heckel estate). Motif size/sheet size 31.4 x 45 cm. Size in frame 54 x 66.5 cm as shown.
