

Luciano Castelli: Picture "Parrots" (1986) (Unique piece)

Product no.: IN-951233.R1

This unique work by the artist from 1986 shows a dynamic and expressive composition that makes several parrots the subject of the pictorial narrative. The painting style is gestural and full of energy, characterised by bold, vibrant colours. The brushstrokes appear spontaneous and powerful, while some drops of colour run downwards, lending the painting a certain rawness and spontaneity. The depiction of the parrots is not naturalistic, but rather abstract and expressive. The work radiates great dynamism, which is reinforced by the diagonal arrangement of the birds and the rhythmic application of colour. The loose, sketchy lines emphasise the movement and vitality of the animals.
