

## Heinz Mack: Picture "January (From 12 Months)" (1990)

**Product no.:** IN-938871.R1

Inspired by the phenomena of the different seasons, Heinz Mack composed a series of works titled "12 Months", which take up the typical colour palette of each individual month. In its seriality, the cycle represents the endlessly recurring course of the year, while the light and dark of the chromatically graduated colour surfaces approximate the palette of nature.

However, the non-representational and geometric screenprints are completely removed from nature and elevate structure and form to an equally important pictorial object. The prints were published as editions by the artist and signed by him.

Original colour silkscreen, 1990. Edition: 75 copies on handmade paper, numbered and signed by hand. Motif size/sheet size 125 x 95 cm. Size in frame 137 x 107 cm as shown.
