

James Francis Gill: Picture "Marilyn" (2016) (Unique piece)

Product no.: IN-928452.R1

In his later phase of creation, James Francis Gill continues his work based on photographs that he digitally alters. The present study includes partial overpainting of the paper with acrylic. With the portrait of Marilyn Monroe, Gill revisits the theme of his early breakthrough work and expands it with the visual language of current media standards. The work, in which the artist's immediate brushstroke is reflected, is signed in the centre.
